Essential Information

WELCOME TO SUNRISE CABINETS

Hi, we at Sunrise Cabinets feel honored that you have taken the opportunity to open this catalog. We hope that this will find you and your loved ones in the best of health and vigor. So with the above said, and as always, our motto "Complete Customer Satisfaction," Sunrise Cabinets would like to present to you our 2017 catalog.

Welcome on board with Sunrise Cabinets. Our great team consists of Marion and Ruby (owners), Norman (sales and customer service, final assembly), Larry (production manager, new design, product development), and eight other talented craftsmen. You may wonder where is quality control? Our whole team! Each person has the authority to veto or check other's workmanship, and Norman has the final O.K. We believe our team of craftsmen are able to build furniture that surpasses your expectations on quality, design, functionality, and production lead time.

Please take the opportunity to look through the catalog and analyze each series. We would be glad to answer any questions you may have. We feel it is time well spent and mutually beneficial to both you, our valued customer, and us that you know everything possible on all aspects of our furniture. Please read the "Unique Nature of Wood" section for information on solid wood furniture.

Make the phone call (260-463-2023) today. We at Sunrise Cabinets will be happy to assist you.

OUR GUARANTEE WARRANTY POLICY

2-Year Guarantee

Sunrise Cabinets offers a 2-year warranty on workmanship, construction methods, and materials.

Repair

If a defect is found within the first 2 years of the manufacturing date, and the furniture has not been abused or improperly cared for, we will repair it at no cost.

Customer Responsibility

Customer is responsible for all shipping costs on returned product.

Humidity

Humidity levels need to be kept at reasonable levels or warranty will be void on solid wood materials. Humidity should never be above 50% or lower than 35%. See the "Unique Nature of Wood" section for more info.

Warranty Void

Sunrise Cabinets will not honor any warranty for furniture that has been standing in the direct line of any forced air or heat vents. If furniture has any signs of neglect, abuse, or misuse, such as but not limited to the following—pet marks (scratches or teeth marks), water stains from accidental spills, color changes from direct sunlight or fluorescent fixtures—warranty will be void.

CUSTOMER EXPECTATIONS AND WHY THEY COME BACK

Timely Delivery

4 – 6 weeks on standard orders. If Sunrise Cabinets fail to deliver in 8 weeks, a 5% discount is granted.

Solid Hardwood

Solid tops and end panels that exhibit the characteristics and beauty of real hardwood.

Dovetail Drawers

Beautifully dovetailed maple drawers finished inside and outside, resulting in a smooth and snag free storage environment.

Strong Drawers

Zinc plated 100lb. rated full extension drawer slides so you never have to worry about overloading a drawer.

Shipping Protection

All mirrors are framed hardwood supported with a plywood back, so chances of broken mirrors during shipment are minimal.

Chemical Free

All plywoods used to produce our products are carb 2 compliant. So you have the satisfaction of knowing that your furniture has no chemicals that are harmful to either you or the environment.

Long Life

The hardwood lumber used in our furniture has been kiln dried, a process used to minimize the shrinking, cracking, and warping that all hardwoods do by nature.

Guaranteed

All products are guaranteed against workmanship defects, shrinking, cracking and warping if kept in a humidity and temperature controlled environment.

UNIQUE NATURE OF WOOD

Wood is a product of nature and therefore acts in ways beyond human control. All hardwood has variation in its color and grain. These wood characteristics will put their own unique touch to each piece of solid wood furniture. Even though we go through the same building process every time, the results will be two uniquely different pieces of furniture.

Most hardwoods are open grained, causing solid wood furniture to expand and contract with changes in temperature and humidity, even after protective finishes have been applied. These temperature changes may cause the wood to crack or have surface checks (small cracks). This is not abnormal and not considered as flaws. Rather, just one of nature's ways to highlight and uniquely characterize each piece of furniture manufactured.

Indoor humidity should be kept in the 35% to 45% range. If humidity drops below 35%, on certain models—beds especially—where paneled construction is used, shrinking may occur and expose a light or unfinished strip of wood on the edges of the panels. This is nothing to be alarmed about and will go away again once humidity levels reach higher levels.

Solid wood furniture should be kept away from direct sources of heating and cooling and should never be stored in attics, basements, or out-buildings. Direct sunlight and fluorescent fixtures that contain ultraviolet rays can cause chemical changes in wood and finish, and therefore should be avoided.

When cared for properly, your solid wood furniture will become a piece of timeless beauty—one that will be treasured and handed down for generations.

RICH · BOLD · FINE

The Cascade series offers a bed rich in design and style—a stand-alone signature element in your bedroom. Substantially thick arched tops that have their own grandeur. Boldly rounded edges on tops and posts are appealing to the eye and smooth to the touch. Rounded corners give an added luster and also save your hips and legs from sharp corners. Padded leather or fabric panels give you plenty of options to satisfy your own decor styles. The matching case goods have a slight hint of shaker styling, the applied molding on drawer frames and braided design on handles give the series the fine details that customers will really appreciate.

SIMPLE • ELEGANT TRADITIONAL

A simply designed case good for your traditional bedroom, the Sierra Mission Collection is a beautifully refined mission style with the focus on a simple but elegant base. The option of the simple but bold and massive Houston Mission bed with large scale cases, or streamlined and smaller Sierra Mission bed with smaller cases, offers the flexibility to accommodate your specific room size and style.

The beauty of Ray Flaked or Quartersawn Oak, which is the species of choice for this specific series, is accentuated with a radiant stain. The result is a grain character that is pleasing to the eye. A flat black wire pull clinches the simplicity of the series.

Options

- Blum soft-close slide
- Choice of hardware
- Available in all woods and stain colors

Houston bed info in bed section

"...very nice designs..."

"We enjoy working with Sunrise Cabinets for several reasons. They have a quick turn-around time, which is important to our customers. They also have very nice designs that are popular to our customers like the Signature Mission collection. Sunrise Cabinets also offers a discount for paying early, which we take advantage of and appreciate. We have very much enjoyed working with Sunrise Cabinets."

Collection Ouray

BEST SELLER

We have received a lot of great feedback. Customers really love it.

MASSIVE · BOLD · RUSTIC

Designed to be built with a rustic wood species. Hickory or cherry is what we chose. A big 3" x 3" post in each corner highlighted with deeply chamfered and slightly tapered edges, fading away to nothingness in the center, give the series that lodge presence. Massive tops are the result of laminating two pieces of $\frac{3}{4}$ " solid wood to make an impressive 1½" thick solid wood top. Wrought iron handles tack on the final details to the cases.

A large landscape mirror with the same thick top and chamfered post, showcases a beaded panel that ties in nicely with the Ouray bed. The bed itself is a wow factor. Calf skin faux leather panels framed with massive 5" x 5" posts and that same impressively thick 1½" top.

A massive, bold, rustic series for your back country lodge or western decorated bedroom.

Berkshire

Collection

MODERN · CLEAN · STRONG

Expertly mitered finger-jointed corners on solid maple tops, sides, and bottoms, result in a strong clean and seamless looking cabinet. Dark framed drawer fronts with deeply chamfered edges on ray flaked or quartersawn white oak stained a driftwood color, accentuate but still mellow softly into a kona or chocolate colored case.

Two beautifully framed beds—Berkshire or Montego—the Montego offering many choices of leather or fabric to match your decor. Options on case goods include a slender wooden handle skillfully chamfered and fitted to each specific drawer, stainless steel handles, or no handles at all. Also, solid colored, two toned, or multi-species. Berkshire has it all, and will help you match existing decor or totally reinvent your bedroom.

Berkshire has a modern take and will be a clean lined element in your bedroom.

Options

- Blum soft-close slide
- Choice of Hardware
- Not available in rustic wood species
- Available in all stain colors
- Drawers function without handles or hardware
- Available in single color tones

BOLD · SLEEK CONTEMPORARY

A boldly framed maple cabinet with flush panel sides and top, giving the cases a sleek appearance. A straight-lined walnut finished handle further enhances the design of the series. Smaller scaled pieces are sure to fit your smaller, but just as important, contemporary bedroom. This economically priced series is sure to fit your budget.

Beds

THE FINER DETAILS OF OUR BEDS

Rail Bracket

We use a cast aluminum rail bracket that mounts to the post with two 2" lags. When lags are tightened the result is a rock solid bed on all four corners.

Easy to Assemble

Assembling a bed is a matter of hooking the bracket on the pre-installed lags. Tightening the lags with a ½" wrench. Popping in the prefitted slats. Done!

Dovetail Slats

Slats are dovetailed and prefitted on each end so no more loose fitting slats that are always falling out.

Center Supported

Queen has two, king gets four center supports that bolt into slats and are also fully adjustable for the exact slat height, to acquire maximum mattress warranty.

Sturdy Headboards

All our panel beds have a cleat attached to the bottom of the panel. This specially fitted cleat strengthens and sturdies the headboard and footboard.

Quadralinal Post

Certain models have a four sided post fitted with expertly mitered corners resulting in a post with no glue lines and face grain on all sides.

Rail Options

Most beds have a standard 6" wide rail 8" off the floor. Optional rails are 8" or 12" wide. Floor height can also be adjusted for your specific needs.

Customization

We can customize the headboard and footboard heights and other small alterations.

Storage Beds

We offer two different styles of platform beds—Modern and Mission—both of these will fit any of our headboards.

Extra Storage

Our six drawer storage bed has more cubic feet of storage than a nine-drawer dresser. As you see storage beds are a great way to utilize that space under a bed.

Easy to Assemble Storage Bed

Our storage bed units consist of two cabinets and 3 loose pieces. So with minimal time and a ½" wrench assembly is no hassle.

Options

- 8" wide rail.
- 12" wide rail with two brackets per rail.
- Extra slats.
- Extra center support.

** Minimum charge for customizing.*

** Adjusting rail height from floor is not considered customizing.*

- Keyboard tray or 30" drawer
- 48", 54", 60", 66", 72", 84" widths
- Multiple drawers
- Standard is 60" with one 20" drawer

SLEEK · SIMPLISTIC TRADITIONAL

A modified mission design with a slender, cone shaped foot on an otherwise sleek post. Spindled side panels give that popular mission feel, but also add structural support for a sturdy table. Mortise and tenon construction give rigidity and durability. Introducing arched top rails to this simplistic design gives this table presence and style. An under-cut chamfered edge adds sleekness and beauty to a design that is popular among traditional furniture lovers.

Organizer | BB-06

13½"h x 59½"w x 10¾"d

Credenza | BB-022

- Multiple drawers
- Standard is 60" with one 20" drawer

RUSTIC · COUNTRY BEAUTIFUL

Tongue and grooved breadboard style tops are the prime element of an otherwise simple lined series. 1 $\frac{3}{8}$ " thick planks are tediously milled and grooved to just the right specs, then hand selected for the right combination of planks. These planks are laid side by side, the end piece is selected and fitted, then holes are drilled and a maple peg with a special cut oak wedge is inserted. The result—a beautiful, slightly rustic, tongue and groove and pegged top that will never crack or warp.

The planked top, tapered leg, and wrought iron cup handle give this series that old farmhouse look and feel. The perfect furniture for the folks who are hankering for the country—homesick for the farmhouse.

Credenza | CC-02

30 $\frac{1}{2}$ "h x 60"w x 24"d

- Wood: Rustic Cherry
- Stain: Michael's Cherry

- Wood: Rustic Cherry
- Stain: Michael's Cherry
- Hardware: 4235WID on top of desk on right

Above photo shows a u-shaped office setting where the work desks have been extended to accommodate the corners. This setting has multiple work stations with the convenience of paper slots and file drawers right at your side. Your printer will fit perfectly in the center compartment of the credenza. This setting was made by using two 30" x 84" work desks and one 24" x 60" credenza.

Please note: the file cabinet doesn't readily fit under the work desk without making some customizations. Please call for details.

Harrington

File Cabinet | HH-04

- Wood: Red Oak with distressing
- Stain: Sealy
- Hardware: 116VP

Options

- Casters
- Locks on drawers.

Also available

- Lateral file
25"h x 36"w x 21"d

The Harrington table boasts a unique lattice patterned leg brace. This table will stand as a signature element in any setting—rustic, modern, contemporary, traditional—the Harrington table will be the perfect fit. The thick solid hardwood top gives a long lasting durable work surface. The extra blocky leg reinforced with uniquely curved X braces give rigidity to a table designed for a variety of uses—a writing table, computer desk, laptop station, or just that extra catch all or work desk that every home needs.

Work Desk | HH-01

- Multiple drawers
- Standard is 60" with one 20" drawer

STURDY · SIMPLE FUNCTIONAL

Signature Mission is more than just another piece of furniture, its built like a ship. Mortise and tenon construction methods are used but its nothing ordinary. The post and rail joints have actual through tenons, the little tenon on front is not a plant-on, it is really part of the side rail. These through tenons provide a large glue surface resulting in a strong and sturdy joint that will last for years. The GG-011—continuously our most popular piece of furniture—is a prime example of long life. It has twelve through tenon joints and a total of 68 mortise and tenon joints, making it the strongest and sturdiest table out there. The table is designed and constructed in a way that allows for maximum drawer functionality, but still doesn't affect the overall sturdiness.

Signature Mission, plain and simple yet uniquely constructed, is built to endure the test of time.

Organizer | GG-05

The Workdesk - Our #1 Seller

OUR WORKDESKS HAVE BECOME VERY POPULAR AMONG MANY OF OUR DEALERS

It is one of those pieces that sells itself, and here is why...

- 1) It's a table, everybody has a use for a table.
- 2) Size matters. It is very easy to customize a size to fit your purpose.
- 3) Flexibility. Where can you buy a table with the option of adding drawers or a keyboard slide?
- 4) Variety. Where can a customer get all of the above, PLUS a choice of five different styles?
