

A&J . . . Arlin & Joyce

Woodworking . . . the art of cutting, sanding, carving, turning, bending, joining and finishing natural wood pieces to create something useful, beautiful and totally unique. We are part of a culture steeped in tradition. We are raised to use our hands to work hard, give nothing less than our best and believe that all we need to sustain us and our families is found in nature's bounties. Our parents pass on to us skills and trades that have survived for many generations.

At A&J Woodworking, handcrafting wood furniture is our passion. Our heirloom-quality benches, chests and other custom-made items honor the Mission and Arts & Crafts styles for which our forefathers are known. We have also expressed our own visions of beauty in designs offered exclusively from A&J. We sincerely hope you enjoy living with our furniture as much as we have enjoyed creating it for you.

Mission Benches/Benches

Straight lines, cut-outs, mortise and tenon supports and peg joinery are common characteristics of the furniture styles born of the American Craftsman movement.

In the tradition of pioneers like the Stickley brothers and Frank Lloyd Wright, A&J Mission-style benches are tastefully simple works of art. Benches are our specialty.
